

Md. Nahidul Islam Nahid

Full-Stack Developer

Dhaka, Bangladesh | md.nahidofficial.cse@gmail.com | +8801834489785

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

Career Objective

Results-driven Full-Stack Developer proficient in Next.js, Node.js, and MongoDB, committed to creating impactful digital experiences in an on-site or international environment. Implemented secure authentication and RESTful APIs, utilizing a fast-learning mindset and strong communication skills to drive product success. Focused on long-term growth and solving intricate problems within a performance-oriented, product-based ecosystem.

Technical Skills

Frontend : HTML | CSS | Tailwind CSS | JavaScript | Next.js | React.js | BetterAuth | Stripe | Recharts

Backend : Node.js | Express.js | MongoDB | JWT Authentication

Tools & Others : Google Workspace (Sheets, Docs, Slides) | Git & GitHub | VS Code | Chrome DevTools | Vercel

Soft Skills : Communication | Teamwork | Adaptability | Learning Agility | Problem-Solving

Projects

1. PromptGrid – AI Prompt Sharing & Marketplace Platform

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

Description: PromptGrid is a community-driven AI marketplace designed to share engineered prompts, simplify discovery, maximize asset utility for users, and provide complete administrative management control.

Technologies: Next.js | Node.js | Express.js | MongoDB | JWT Authentication | Stripe | Recharts

Key Features:

- **Premium Content:** Allows users to unlock exclusive, high-tier prompts using a one-time payment system.
- **Smart Tooling:** Users can copy prompts, bookmark favorites, and rate them.
- **Admin Panel:** Track users and creators, approve prompts, analyze activity, and manage or delete accounts.

2. LibraRoom – Library Study Room Booking Platform

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

Description: LibraRoom is a secure library study room booking platform designed to efficiently track room availability, eliminate booking conflicts, and maximize resource utility for students.

Technologies: Next.js | Node.js | Express.js | MongoDB | BetterAuth | Tailwind CSS | JWT Authentication

Key Features:

- **Dynamic Filtering:** Allows users to filter rooms by floor to quickly see available study spaces.
- **Booking System:** Allows users to book available study rooms after logging in.
- **Conflict-Free Booking:** Users can book exact time slots without overlapping reservations.

3. Tiles Gallery – Tile Discovery Platform

[Live Link](#) | [GitHub \(Client\)](#)

Description: A responsive tile gallery platform where users can browse, search, and explore detailed tile collections with secure authentication.

Technologies: Next.js | React.js | Tailwind CSS | BetterAuth | MongoDB | HeroUI

Key Features:

- **Tile Search:** Users can browse and search tiles with detailed information pages.
- **Detailed Preview:** View images, descriptions, and complete tile information before exploring.
- **Featured Collection:** Discover highlighted tiles and explore categorized designs with smooth navigation.

Education and Certifications

Bachelor of Science in Computer Science and Engineering

2022 – 2025

Daffodil International University, Dhaka, Bangladesh

Complete Web Development

Jan 2026 - June 2026

Extracurriculum Activities

DIU Computer & Programming Club (DIU CPC)

2024

– Teacher's Assistant & Event Guard | Take-Off Programming Contest

DIU CSE Fest 2023 x Organizer (T-Shirt Distribution Team)

2023

– Managed distribution of DIU's largest tech events, ensuring smooth operations.
